

# INTRODUCTION ACTIVITY

We would like to ask you to introduce your school or organization by making an infographic in 'Canva'. You can find the instructions in this document. Please be aware that we share the infographics on our website, so be careful with the use of pictures and private information. If you have any questions, you can contact Maike Kouwenhoven ([mkouwenhoven@lucasonderwijs.nl](mailto:mkouwenhoven@lucasonderwijs.nl) or [+316 36222133](tel:+31636222133))

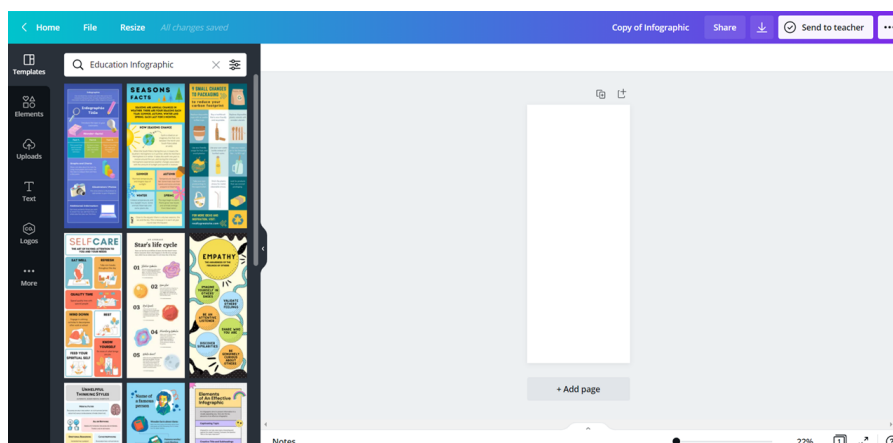

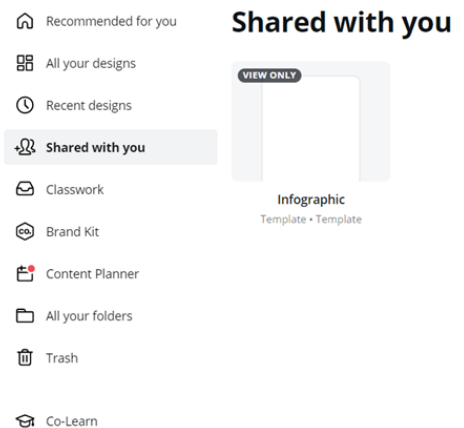

**STEP 1:** Visit [this link](#) to enter the Canva class

**STEP 2:** Sign up for a free Canva account or login if you already have a Canva account

**STEP 3:** Click on 'shared with you'. You can now see the infographic document

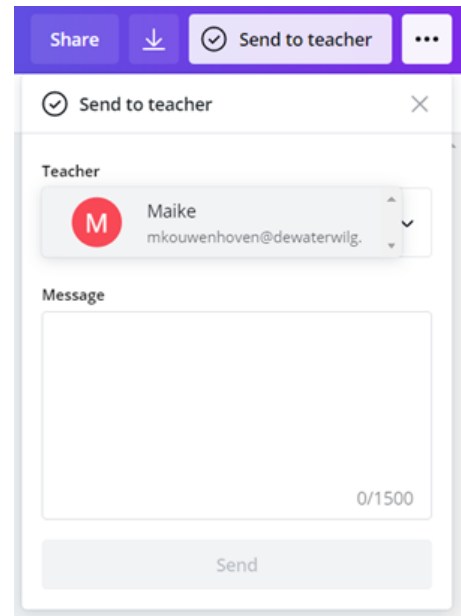

**STEP 4:** Click on the document and choose 'use this template'

**STEP 5:** The name of the template is 'copy of infographic' by default. Please change the name to the name of your school or organization

**STEP 6:** You can now edit the template and fill in the information about your school or organization. On the left side you can choose images, pictures and texts from Canva or you can upload your own media. You can choose one of the templates or make your own design.

**STEP 7:** Is your infographic ready? Click on 'send to teacher' on the top right corner and select Maïke as a teacher. You can now send your infographic so we can share it on the Co-Learn website.

## CANVA FOR EDUCATION

Canva is a perfect tool to use at school for remote or blended learning. As a teacher you can request a Canva for Education account for free. On [this website](#) you can find a lot of information about the use of Canva for Education in class.
